# THE IMMORTAL NERD

Hanna-Piia Lehtonen

guest comic by  
Eva Lisa Sepp

2016

A person with long dark hair is lying face down on a large pile of clothes and fabric. They appear to be in a state of despair or exhaustion. A speech bubble from them is in the top left.

UGH, I can't believe  
Peta abandoned me  
on our only official  
day off from school...

She even suggested I do  
something "useful"?? This is  
the worstttt...

A person with long dark hair is shown from the chest up, looking down at a pile of clothes. A speech bubble from them is in the top left.

Although, I guess she  
does have a point... It's  
getting harder to find  
my favorite shorts in all  
these clothes piles

A person with long dark hair is shown from the chest up, holding a piece of clothing. A speech bubble from them is in the top left.

Well, here goes  
nothing, or however  
that old saying  
went~

Oh dog, is that-?!

My gaming headset! I always wondered where that went!

Not that I used it too much... Gaming is more of Iuka's thing

Didn't we play that one RPG-game together, where I had that really cool character?

*Ahh, I should go see  
how my character is  
doing!*

*Who knows, maybe I'll  
run into Ludo too!*

...LOADING...

Huh

*I don't remember this  
screen from last time..*

...LOADING.....

Finally! That  
took forever!

Ti-dad! I'm here, now we  
can play together!

Oh, you haven't heard? It's because the game got a new patch! Nobody knows what it did, and you and me, we'll be the first players to find out! Woo!

Woo?

AND SO...

Ugh, we've been waiting through so many alpha tests, these loading times are taking forever, how much further do we need to go Jack?

I'm not sure, like I said, this update is a mystery... But it must be something big and cool if it makes the game this slow.

Well, can we take a small break? There's a nice area over there, we could just hang out a little?

But what if someone else finds out what the update was before us?? We could miss out on so much fame and glory and and-

Come on, trust me *helo!* The area here is really nice!

See, told you, plus  
sometimes you need to  
take a break!

Huh, I suppose this part  
is kinda pretty...

Yeah, even the grass  
over here is super high  
quality, almost looks real

I guess I never  
noticed before... It  
does look super...

A close-up of a character's face. They have a large, pointed ear and a small star on their forehead. They are looking slightly to the side with a neutral expression.

*Wow, a genius? Thank  
you Inko! That's such a  
nice thing to say!*

A character is running away from a large, dark, curved shape that resembles a hand or a giant's foot. The character is small and is running towards the right side of the panel.

*You're very smart  
yourself too, and...  
Inko?*

A character is looking down at a stack of papers or a book. They are holding a pen and appear to be writing or checking something. The character has a star on their forehead.

*Huh? Sorry, I need to check  
the message boards, we  
want to be the first ones to  
discover this!*

A character is looking up and to the right. They have a star on their forehead and are wearing a headband. The character's expression is one of concern or realization.

*Well... At least  
we can still hang  
out over here  
where it's nice*

# THE END

*I've given my so hard about  
lies to everyone... They won't  
know what hit them! Thanks  
Nobol!*
